West Fernie Servicing & Restructure Project Phase 1 Additional Service Request Form

Name: _____

Phone: _____

Email: _____

Property Information: _____
(civic address, legal description, folio or PID)

- We would like to purchase _____ additional service (each service to include 19mm water, 100mm sanitary sewer and 100mm storm sewer) at \$6,762 each. This price includes design, installation and GST.

TOTAL: _____

We understand that purchase of additional servicing for our property in no way implies future development approval. Payment will be required before any additional service would be installed. Payment by cash, cheque or money order must be received a minimum of 2 weeks before the contractor is working near the property to avoid additional costs or inability to complete the service. Property owners will need to be available to meet with the Contractor on site shortly after payment is received. Payment does not guarantee the service will be installed. If, for any reason, the service is not installed, the payment will be refunded accordingly.
